Assessment(s)

Please select one of the following grounds for your appeal:

That there exists or existed circumstances affecting your performance of which, for good reason, the Assessment Board may not have been made aware when the decision was taken and which might have had a material effect on the decision.

Learners appealing on such grounds must give credible and compelling reasons with supporting documentation explaining why this information was not made available prior to the decision being made.

That there had been a material administrative error or procedural irregularity in the assessment process or in putting into effect the regulations for the programme of study of such a nature as to cause significant doubt whether the decision might have been different if the error or irregularity had not occurred.

Learners wishing to appeal on these grounds should present their appeal with evidence of the error or irregularity accompanying their claim.

That there is evidence of prejudice or bias or lack of proper assessment on the part of one or more of the examiners.

Learners are not permitted to use these grounds simply because they are dissatisfied with their results. Evidence of bias or lack of proper assessment must accompany their Appeal.

Please explain your reason(s) for submitting the appeal:
